

Never Let Nobody  
by Gregg Standridge and Terry Ware

I have listened  
To the words you chose to whistle  
Beneath your clenched teeth never  
Meant to cause no angry words  
I would fizzle  
Like a wet-fused roman candle  
But it's just not in me darlin'  
Though I love you  
I could never let nobody take my burnin' heart away

*(Chorus)*  
*Nobody knows*  
*When the wind starts to blow*  
*Our way*  
*How many times*  
*Will the stars choose to shine*  
*Our way, again*

*Chorus*

Walkin' slowly  
'Neath this silent, broken ceiling  
As my boots walked out the front door  
Always knew the time to go  
And you would always  
Give me more than I could handle  
And it's just not in me darlin'  
Though I love you  
I could never let nobody take my burnin' heart away

Though I love you  
I could never let nobody take my burnin' heart away
